be part of the

OFFICIAL NATIONAL PRECAST 25th ANNIVERSARY SPECIAL EDITION of Construction Engineering Australia

To celebrate the 25th Anniversary of National Precast Concrete Association Australia, Construction Engineering Australia (CEA) magazine is partnering with National Precast to produce a special 25th Anniversary feature edition of the magazine.

Published in October, the OFFICIAL NATIONAL PRECAST 25th ANNIVERSARY SPECIAL EDITION of CEA will bring together a series of comprehensive features tracing both National Precast's first 25 years and the growth and development of precast concrete construction in Australia and globally.

We'll also be looking at major projects, products and new developments in precast concrete - as well as the work of National Precast and its members in growing and securing the future of precast in Australia.
