

Marketing & Communications

December 2016

Are you connected to us through facebook and LinkedIn?

Dear Amy,

Did you know that a wealth of information is shared through National Precasts' social media pages? Great innovations and events both locally and around the world along with member news and photos.

If you haven't already become a National Precast facebook friend, [click here](#)

If you haven't already become a National Precast LinkedIn associate, [click here](#)

To those of you who have just been added to our member database through your work, WELCOME to the National Precast Concrete Association family :-).

*Please pass this email on to your business associates so that they can keep up with what's going on, (especially those who attended the 25th Anniversary Dinner at the Opera Point Marquee, so that they can access the photo album on our facebook page).

Kind regards,

The National Precast Team.
