New Member Service

August 2015

Want to pay less for your power?

With power bills skyrocketing and in the quest to add value back to you, National Precast has joined with [Make it Cheaper](#) to offer you the opportunity to save money on your gas and electricity bills. Because of their buying power, Make it Cheaper can offer unbeatable rates with the retailers.

It's easy!

Just give Make it Cheaper a copy of your latest bill and let them provide a free, no obligation full actual bill comparison with 10 energy retailers. If the comparison saves you money, they can organise to switch you across to the new provider. As well, most alternatives they offer won't lock you into a contract. And by saving money on your power bills, you'll also be helping National Precast, with 20% of Make it Cheaper's commission (paid to them by the retailers) coming back to us.

Be quick because the first member who saves money on their bills using Make It Cheaper's free service will receive a \$250 Coles/Myer gift card.

Call Make It Cheaper now on the NP member hotline 02 8880 4308 OR click [here](#) to request a callback OR to reply with your bill or if you have any questions, click [here](#).

Make it Cheaper has a strong track record, having helped over 65,000 Australian businesses and 200,000 consumers save money. They've been featured on A Current Affair and have a [Product Review](#) customer rating of 4.8 out of 5 stars.
