Fatality in precast yard

National Precast wishes to express its deepest condolences to the family, friends and colleagues of the worker who lost his life after reportedly being crushed by a concrete pile on a site in Townsville. We are all shocked and saddened by the event which has hit close to home for many in our industry. Tragedies like this serve as a sad reminder to us all, to be ever vigilant when it comes to workplace health and safety. Read more via the link below.
