

Meetings & Events e-news

September 2014

National Precast is going to Sydney!

20th-22nd November

Welcome to National Precast's **Meetings & Events e-news**. This publication has been designed to keep you up-to-date with the latest precast-related meetings & events information.

We welcome content from Members.

Would you like one of your flooring projects made into a video? Let us know!

Registrations open for November Sydney Members' events...register online now

As part of the transition to the new website, we will now only be taking registrations for events online. The transition will streamline the registration process, whilst also making it quick and easy for you to access event details and register your attendance. Your records can also be used for CPD if you are a member of, for example, Engineers Australia.

The process is pretty straight forward and easy, so don't panic! Here's how to do it...

Quick guide

- Click [HERE](#) to go to the **Events** page on the website.
- **Login** - Use the user name and password you have been provided with. If you need help with this, please get in touch and we can set one up for you.
- **Register** - You can register multiple people for the one event at a time (ie dinner, meeting or social) by manually entering the number of tickets you would like to purchase.
- **Confirm order and enter attendee details** - The system will ask you to confirm your order and to enter in the details of each attendee (please note these details will be used for guest lists and name tags).
- **Repeat for other events** - Now repeat this process for each of the other events you wish to attend, eg for the meeting and Saturday social if you have just registered for the dinner.
- **Checkout** - Once you have booked all your tickets, proceed to the checkout. There, you can pay on credit card via Paypal or request an invoice (the invoice is system generated and may take up to 24 hours to appear in your inbox).

If you are having any difficulties with the process, or would like some help, we are VERY happy to help you through. Please don't hesitate to call Dan on (08) 8178 0255 or email marketing@npcaa.com.au.

CIA NSW precast & tiltup seminar

CIA is organising a seminar in Sydney addressing the proposed changes to AS 3850.

Presenters wanted for DesignBUILD and designEX seminars

As a supporting association, NP is providing 2 speakers for seminars being held at DesignBUILD Sydney (28th-30th April 2015). We are looking for presentations on high profile projects. One project needs to focus on safety, and the other on green building. If you have a suitable project and would like to present, please let me know ASAP.

National Precast Stand - designEX Melbourne

We are still inviting expressions of interest to manufacture a NP stand for designEX in Melbourne (13th-15th May 2015). The stand should showcase the various finishes available in precast and can be reused in subsequent exhibitions and by you in your own factory afterwards. Please contact me if interested.
