

# Cordell Connect: Exclusive service for National Precast members\*

In construction, you need a constant supply of work coming through the pipe to keep your team busy and know your business is on track. Use the power of Australia's best construction data to grow your business.

Cordell Connect by CoreLogic is an online database of fully researched construction, infrastructure and building project information for the Australian and New Zealand markets. It provides real time access to qualified sales leads across all types of construction projects including residential, commercial, retail, mining and industrial.

We help you access the information that is right for your business by filtering into straight forward categories so that every project you see has relevance to you, whether it is by territory, type of construction, project stage, value or some other criteria.

- Find and track the progress of projects, searching by street, suburb, postcode or land parcel.
- Use as your preferred CRM to manage leads and track them
- Get e-mail notifications when new projects are entering the pipeline
- Access to construction tender notices as they hit the market

## What you get with Cordell Connect

**Customer Relationship Manager.** Your Account Manager will help you identify your business goals and then develop a system to easily adapt your new construction report to fit with your current business practices.

**Live Data.** New and updated information is uploaded into Cordell Connect multiple times every weekday, so you know you'll always have the latest up to the minute information.

**Customer Support and Training.** We have a friendly and knowledgeable Customer Support and Training Department.

**Tailored Solutions.** Cordell Connect is one of our many 'tailored' solutions, meaning that we tailor project leads you receive to meet your own specific needs.

\*Service available to full Precaster, Industry Supplier/Partner, Professional Associate Organisation members only.
