

Marketing & Communications

February 2019

In this issue

- [Latest magazines out](#)
- [Talk to specifiers and present at DesignBUILD 2019](#)
- [Present at the National Roads & Traffic Expo 2019](#)

Latest magazines out

The latest editions of Build Australia, Built Offsite, Construction Engineering Australia, Highway Engineering Australia, Roads & Infrastructure Australia, and Waste & Water Management are out now!

Build Australia

Click [here](#) to access the online edition.

- Prefabricated construction on the rise (p.92)

Built Offsite

Click [here](#) to access the online edition.

- Award winner's elegant precast facade (p.37)

Construction Engineering Australia

Click [here](#) to access the online edition.

- National Precast supports safety initiative (p.40)
- Early precaster involvement reaps rewards for hospital conference centre and carpark (p.42)
- A construction system that keeps up with Sydney's growth (p.44)
- Western Australian precaster takes the lead with industry training review (p.46)

Highway Engineering Australia

Click [here](#) to access the online edition.

- The precast process behind Perth's newest infrastructure (p.50)

Roads & Infrastructure Australia

Click [here](#) to access the online edition.

- Precast solution for bridge safety (click [here](#))
- Tasmanian precaster a force for change (click [here](#))
- Silence is golden (click [here](#))

Waste & Water Management

Click [here](#) to access the online edition.

- Tech Talk: small precast concrete box culverts and amendments to AS 1597.1-2010 (p.20)

Would you like to present at DesignBUILD 2019?

DesignBUILD 2019 will be held from 14th - 16th May at the International Convention Centre in Sydney. DesignBUILD's Speaker Series addresses the big picture issues impacting the industry and challenging the architectural, building, construction and design spaces.

You are invited to present at DesignBUILD's Speaker Series!

Below are some ideas of topics that could be presented using one or more of your projects... or you feel free to put forward another idea!

- Making the most of modular buildings
- Prefab: a threat or an opportunity for building and construction?
- What does project management really mean – and what defines a qualified PM in building and construction?
- Design documentation is not detailed enough, not ready on time.
- Technical discussion: waterproofing
- Sustainable and fit for purpose: how to select safe construction products
- BIM: the challenges for SMEs using BIM eg cost, complexity, competing systems.
- Managing revisions on the project in BIM
- Potential for BIM being lost as time pressures and communication conflicts mean BIM is not being fully implemented
- Project Management and BIM in small teams
- BIM needs greater collaboration in order to reach its potential □
Gender balance – is it getting better? What do we need to do?
- SMART CITIES
- Appropriate insurance cover for your business

Please contact [Adrienne](#) if you are interested in presenting.

Present at the National Roads & Traffic Expo

If you are interested in presenting or participating in a panel for the National Roads & Traffic Expo, now is the time to get in touch!

The event will run in Melbourne over 17th - 18th September 2019.
