February 2019

Call for Member to represent National Precast

Close date for EOI Wednesday 20th February

National Precast requires a representative for BD-066:

- BD-066 Main Committee: AS 3850.

National Precast is seeking suitably qualified nominations from Precaster members with significant experience with civil precast for the BD-066 main committee. This committee is currently focused on the development of AS 3850 Part 3, which is in the later stages of drafting. The successful nomination will hold the position of National Precast representative until Part 3 is published.

This is a fantastic opportunity to be involved in the development of a standard that will be critical to civil precast in Australia.

The next meeting will be held on the 8th of March (teleconference facilities available).

It is expected that one meeting will be held each month, (teleconference facilities available). Please be advised that Standards Australia does not provide travel and accommodation expenses for the members attending the meeting; however it arranges lunch and refreshments during the meeting.

[Expression of Interest form](#)
[Nominee Responsibilities](#)

Please forward a completed Expression of Interest and Nominee Responsibilities form to [Sean](#) before 20th February
