

CODE OF CONDUCT: MASTER PRECASTER AGREEMENT TO COMPLY

The Code of Conduct: Master Precaster (The Code) has been developed by National Precast, to ensure that Master Precasters uphold the high degree of integrity and responsibility, financial stability, technical skill, factory capability, quality, safety and environmental consideration that the Association strives to achieve to achieve and maintain, in support of its Mission. The Code has an important role in the stewardship endeavours of our members and certification to the Code gives assurance of the quality of our members' products.

In order to ensure compliance with The Code, all current Master Precaster members of National Precast are in the process of being audited, comprising of both a desktop and on-site component (which may be conducted in person or by video call). National Precast endeavours to complete these audits before 30th June 2021, subject to co-operation by members.

In the interim, so that National Precast can be satisfied that all Master Precaster members are making every endeavour to comply with the intent of The Code, **Master Precasters are required to complete and return this form to National Precast before 31st January 2021.**

THE AGREEMENT

I, (name), as an authorised representative of

..... (company name), hereby acknowledge I have read the Code of Conduct: Master Precaster and agree to comply with the intent of The Code. In doing so, I will:

- (a) Supply my products and services in a responsible manner, while remaining financially stable, with appropriate skill, factory capability, quality, safety, environmental consideration and integrity and responsibility, and in compliance with relevant standards and codes;
- (b) Ensure that my products and services are manufactured and supplied as specified, and that any claims made about the products or services are legitimate;
- (c) Ensure that my products and services are supplied in accordance with appropriate industry practice for the type of work concerned, and in a way which enhances my own reputation, that of National Precast and its membership;
- (d) Insofar as practicable and where relevant, use my best endeavours to ensure compliance with the Code by my contractors, employees and other stakeholders;
- (e) Mitigate any actions which might bring National Precast and the industry into disrepute; and
- (f) Supply my products and services also in accordance with other National Precast codes of conduct.

Furthermore, I acknowledge that The Code is supported by, but does not exclude or replace, common and statutory rights and obligations or requirements prescribed in relevant legislation, regulations or industrial instruments, or in any ethical and professional codes. To that end, I agree to observe and obey, and stay informed about the laws of Australia and any jurisdiction in which my business is conducted.

Signed by me..... on this day, the of 20.....

At (suburb).
