

National Precast Association

Precaster Membership

26/27 financial year

Advocacy | Growth | Education

Our role in the industry

We connect the people who shape precast

National Precast is the peak body for Australia's precast concrete industry.

We bring together manufacturers, suppliers, government, regulators, designers, engineers, builders, educators and industry partners to:

- represent the interests of the precast sector
- promote the value and capability of precast
- connect members across the construction supply chain
- support better practice through education, resources and technical guidance

Our role is to strengthen the industry and create opportunities for the businesses within it.

Our Three Pillars

National Precast supports members and strengthens the industry through advocacy, growth and education.

Advocacy

A stronger voice for precast.

We represent the industry, advocate for better recognition of precast, and give members opportunities to influence standards, policy, specifications and industry direction.

Growth

More visibility, demand and commercial opportunity.

We promote the value of precast, connect members with decision-makers, create business development opportunities and help strengthen the market for precast solutions.

Education

Stronger capability across the industry.

We support members with training, technical guidance, resources, insights and peer learning to help build better teams, stronger businesses and a more capable sector.

Together, these pillars help members influence, grow and lead.

Advocacy

A stronger voice for precast.

Membership with National Precast includes:

- Direct access to key industry stakeholders and decision-makers.
- Opportunities to collaborate with manufacturers and industry partners to strengthen the supply chain.
- Early input into Standards development, specifications and regulatory frameworks.
- Opportunities to contribute to Codes, government policy and industry submissions.
- Participation in committees, working groups and advocacy initiatives.
- Involvement in initiatives that support the increased adoption of precast solutions.
- Advocacy on industry issues directly affecting your business.
- Collective representation to government, regulators and authorities.
- Alignment with a trusted national industry body driving long-term sector growth.
- Access to practical business, technical and industry support.

Additional business support includes:

- 20-minute legal phone advice on commercial, WHSE and HR matters.
- Six-box report.
- Technical advice from NPEG.

Growth

More visibility, demand and commercial opportunity.

Membership with National Precast includes:

- Member-rate access to twice-yearly conference days and exhibition events.
- Access to member-only networking dinners.
- Exclusive member-only factory tours.
- Support with tendering, project visibility and industry engagement.
- Referrals and direct tender requests via the National Precast website.
- Access to national publication subscriptions.
- Support for continuous improvement in manufacturing and delivery.
- Assistance in reducing risk through improved design, installation and compliance.
- Access to new technology, market insights and industry opportunities through National Precast connections and visibility.

Additional business support includes:

- Monthly Cotality Precast Project Snapshots.
- Discounted Cotality subscriptions for full project reports.
- Use of the National Precast membership category logo.
- Your logo listed on the National Precast member directory, with a link to your website.
- Social media amplification through shared posts.
- Discounted bank guarantees.
- Financial health check.
- Operational readiness audit.
- Contract negotiation support.
- Equipment and vehicle finance support.

Education

Stronger capability across the industry.

Membership with National Precast includes:

- Access to industry-led training and online micro-credentials.
- Access to an established, nationally recognised Certificate III pathway for your staff.
- Technical guidance, best-practice resources and industry standards support.
- Support for workforce attraction, development and retention.
- Access to webinar recordings and ongoing education sessions.
- Participation in industry presentations, technical discussions and training events.
- Exposure to industry trends, innovation and emerging practices.
- Peer-to-peer learning through events, site visits and networking.
- Direct connection to experienced operators across the precast supply chain.
- Ongoing industry updates through newsletters and member communications.
- Opportunities to contribute to national advocacy, growth and education initiatives.

Additional business support includes:

- Access to a 12-week intern program.
- Member rates for the micro-credential program.
- Access to an RTO delivering the Precast Certificate III.

“Membership is not just
about access to services.
It is participation in the
future of the industry.”

– Cadell Taye, CEO

Precaster Membership

Membership Matters

If you manufacture precast and want to win more work, strengthen your business and help shape the future of the industry, National Precast is your voice, your network and your platform for growth.

We connect you with opportunity, provide practical tools and insights to support better business performance, and represent your interests in the conversations that matter.

With membership options designed to suit different businesses, National Precast helps precasters grow, compete and lead.

**Build a stronger business, win more work
and lead the future of precast.**

Our Precaster Memberships

Shaping the future of precast in Australia.

Precaster membership is designed to support your business where it matters most. In addition to the broader member benefits,

Precaster members receive access to practical tools, technical resources and promotional support tailored specifically to manufacturers.

Precaster member benefits include:

- Access to 80+ precast-specific Australian Standards.
- Use of a standard precast industry contract.
- Technical advice when needed.
- A copy of the Precast Concrete Handbook.
- Case studies written and published to promote your business.
- Project referrals and industry opportunities.

Affiliate Precaster

Designed for precast manufacturers who are not yet ready for full Precaster membership. You can join as an Affiliate Precaster for one year, giving your business access to National Precast support, connections and industry insight before automatically transitioning to Precaster membership at the end of the term.

Provisional Precaster

Designed for precast manufacturers who are new to the industry, with less than two years' production experience. After two years of membership, Provisional Precaster members automatically transition to full Precaster membership.

Precaster

Our core membership category for precast manufacturers with more than two years' production experience. In addition to all broader member benefits, Precaster members have the opportunity to:

- Represent National Precast on Standards committees.
- Participate in National Precast committees and working groups.
- Contribute to Codes, industry forums and government committees on behalf of the sector.
- Nominate for positions on the National Precast Board.

Accredited Master Precaster

After two years of membership and five years of demonstrated manufacturing excellence, Precaster members can apply to become an Accredited Master Precaster. This is National Precast's most prestigious membership category, awarded only to precasters who demonstrate excellence across their operations and successfully complete a formal audit. Once accredited, Master Precasters receive all the benefits of Precaster membership, plus:

- Exclusive use of the Master Precaster logo.
- Priority access to key opportunities, events and initiatives.
- Greater visibility and recognition across National Precast channels.

Want to refer a new member?

Refer one new member to National Precast and 50% of the new member's annual fee will be deducted from your membership. - *Conditions apply.*

Our Precaster Memberships

2026-2027 Membership Fees

Fee type	Ex-works Turnover	Affiliate Precaster	Provisional Precaster	Precaster	Accredited Master Precaster*
1	0 – 2,500,000	\$ 670	\$ 1,200	\$ 2,400	\$ 2,900
2	2,500,001 - 5,000,000	\$ 980	\$ 1,750	\$ 3,500	\$ 4,000
3	5,000,001 – 10,000,000	\$ 1,400	\$ 2,500	\$ 5,000	\$ 5,500
4	10,000,001 – 15,000,000	\$ 1,820	\$ 3,250	\$ 6,500	\$ 7,000
5	15,000,001 – 20,000,000	\$ 2,240	\$ 4,000	\$ 8,000	\$ 8,500
6	20,000,001 and above	\$ 3,640	\$ 6,500	\$ 13,000	\$ 13,500

- All annual fees listed above are exclusive of GST.
- Precaster membership categories are determined by both the length of time your business has been manufacturing precast and your applicable ex works turnover range.
- Membership fees are calculated on ex works turnover only, excluding cartage, installation and GST. Fees may be paid annually or, by arrangement, in quarterly instalments.
- All turnover information and fee details are treated as strictly confidential and are accessible only to the CEO and authorised accounts staff.
- Memberships operate on a financial year basis, with first year fees adjusted on a pro rata basis where applicable.
- *Accredited Master Precaster Premium: \$500 per site.

Our Events

A place to Connect

National Precast events connect, educate and strengthen the Australian precast industry.

Throughout the year, our conferences, networking events and industry showcases bring together precasters, suppliers, engineers and industry leaders to share knowledge, build relationships and create new business opportunities.

From focused member networking to major industry events, each experience is designed to deliver practical value, meaningful connections and stronger industry collaboration.

This is where the precast industry comes together.

26/27 Conference Events

National Precast Industry Showcase

End of Year (November 2026)

Our National Precast Industry Showcase is designed to give suppliers stronger commercial exposure within a highly targeted precast environment.

Co-located with Concrete NZ, this event blends industry engagement with a dedicated supplier showcase focused specifically on the Australian precast sector. The atmosphere is energetic, commercial and relationship driven, creating opportunities to connect directly with manufacturers, specifiers and decision makers actively operating in the market.

With a curated member audience and focused exhibition footprint, the event prioritises quality conversations over crowd size, delivering stronger engagement and more commercially relevant outcomes for exhibitors.

The format includes:

- A mid-sized precast focused supplier showcase
- Conference sessions and industry presentations
- An exclusive Partners Dinner
- Our flagship Members Networking Dinner
- Breakfast networking and factory / site tour

Ideal for:

- Targeted exposure to precast manufacturers
- Product and service promotion
- Generating qualified business leads
- Strengthening commercial relationships
- Building brand visibility within industry

26/27 Conference Events

National Member Forum

Start of Year (March 2027)

Our National Member Forum is a smaller, relationship focused event designed to reconnect the industry at the beginning of the year.

Built around conversation, collaboration and peer engagement, the Forum creates a more intimate environment where members can openly share ideas, discuss challenges and strengthen industry connections. The focus is less on exhibition and scale, and more on genuine interaction between precast professionals and key industry partners.

This event is intentionally designed to maximise accessibility to decision makers, encourage meaningful discussions and strengthen the sense of community across the sector.

The format includes:

- A focused one day conference program
- A small networking style supplier showcase
- An exclusive Partners Dinner
- Members networking dinner and social events
- Breakfast networking and factory / site tour

Ideal for:

- Building stronger industry relationships
- Peer to peer networking and collaboration
- Sharing operational insights and ideas
- Connecting directly with industry leaders
- Starting the year with industry alignment and engagement

26/27 Expo Events

Concrete show Australia

The National Precast Association is proud to be an official supporting partner of [Concrete Show Australia](#), a new national trade exhibition bringing together manufacturers, suppliers, contractors and industry professionals from across the concrete value chain.

The show will provide members with opportunities to connect with the wider concrete and construction sectors, generate new business and showcase the innovation, sustainability, advanced manufacturing capability and technical expertise of Australia's precast industry.

The two-day event will feature a major trade exhibition, an industry seminar program and networking opportunities. The National Precast Association will have a strong presence throughout the show, including opportunities for selected members to participate in seminar sessions.

Ideal for:

- Broad market exposure
- Brand awareness and visibility
- Lead generation and business development
- Connecting with the wider concrete and construction sectors
- Showcasing products, technology, innovation and capability
- Building relationships with manufacturers, suppliers, contractors and industry professionals

Member and Partner Benefits:

- Selected event sponsorship positions will be available.
- 10% discount on exhibitor rates for Master Precasters and Platinum Partners
- Seminar speaking opportunities for Master Precasters and Platinum Partners, subject to program suitability and availability
- 5% discount on exhibitor rates for all other National Precast members
- Complimentary trade-show registration for all National Precast members
